

Important Notice From The California Association of REALTORS® Group Medical Plan About Your Prescription Drug Coverage and Medicare

For Medicare Eligible Individuals

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the California Association of REALTORS® Group Medical Plan and prescription drug coverage available for people with Medicare. It also explains the options under Medicare's prescription drug coverage and can help you decide whether or not you want to join a Medicare drug plan if you are eligible. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, versus the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is included in this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
- 2. ANTHEM BLUE CROSS has determined that the prescription drug coverage offered by The California Association of REALTORS® for plans listed below are NOT on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Non-Creditable Coverage. This is important because, most likely, you will get more help with your drug costs if you join a Medicare drug plan, than if you only have prescription drug coverage from these California Association of REALTORS® Group Medical Plans. This also is important because it may mean that you may pay a higher premium (a penalty) if you do not join a Medicare drug plan when you first become eligible.**

- Anthem Bronze PPO 40/5600/40% (5SWH)**
- Anthem Bronze PPO 70/6600/35% (5SXL)**
- Anthem Bronze PPO 4600/50% (5SR9)**
- Anthem Bronze PPO 5600/45% w/HSA (5STX)**
- Anthem Bronze PPO 6950/0% w/HSA (5SU5)**

You can keep your current coverage from C.A.R. However, because your coverage is non-creditable, you have decisions to make about Medicare prescription drug coverage that may affect how much you pay for that coverage, depending on if and when you join a drug plan. When you make your decision, you should compare your current coverage, including what drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area. Read this notice carefully - it explains your options.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you decide to drop your current coverage with C.A.R., since it is group coverage, you will be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan; however you also may pay a higher premium (a penalty) because you did not have creditable coverage under the C.A.R. Anthem plan.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

Since the coverage under C.A.R., is not creditable, depending on how long you go without creditable prescription drug coverage you may pay a penalty to join a Medicare drug plan. Starting with the end of the last month that you were first eligible to join a Medicare drug plan but didn't join, if you go 63 continuous days or longer without prescription drug coverage that's creditable, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current California Association of REALTORS® (C.A.R.) Group coverage may be affected. You may continue coverage under the C.A.R. Anthem Blue Cross plan options and the plan will coordinate with Medicare Part D coverage.

If you do decide to join a Medicare drug plan and drop your current C.A.R. group coverage, be aware that you and your dependents may not be able to get this coverage back.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact RealCare at the number listed below for further information. **NOTE:** You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through C.A.R. Group program changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help.
