

Anthem Blue Cross Provider Lookup

For members of the California Association of REALTORS®

Unlike Individual plans and Covered California, the C.A.R. group Anthem plan uses the **Anthem Blue Cross Small Group Prudent Buyer PPO and CaliforniaCare HMO** networks. These are much larger networks than you would have access to outside of the C.A.R. plan. **To look up providers for Anthem Blue Cross, follow these instructions:**

1. Visit www.anthem.com/ca
2. At the top, click on “Find Care” and click the link.
3. Choose “Select a plan for basic search”
4. To search, answer these questions:
 - What type of care are you searching for? **Medical Plan or Network**
 - What state do you want to search with? **CALIFORNIA**
 - What type of plan do you want to search with? **MEDICAL (Employer-Sponsored)**
 - Select a plan/network – type in “Small” and choose EITHER:
 - **Blue Cross HMO (CACare) - Small Group** - OR -
 - **Prudent Buyer PPO/EPO**
5. Hit “Continue” and enter search criteria (name, specialty, NPI or license number) and enter the zip code area

Important Tips:

- When looking up providers by name, make sure you have the correct spelling. It also helps if you include the location and the name in your search criteria.
- Some doctors have multiple specialties so they may come up under different options such as "Surgery" vs. "Orthopedics." Make sure when you look up providers, you use the correct specialty.
- Some doctors work with multiple medical groups. They may be considered “in network” under some groups and “out of network” with others.
