HIPAA Notice of Special Enrollment Rights

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

If you decline enrollment for yourself or for an eligible dependent (including your spouse) while Medicaid coverage or coverage under a state children's health insurance program is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents' coverage ends under Medicaid or a state children's health insurance program.

If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or through a state children's health insurance program with respect to coverage under this plan, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 60 days after your or your dependents' determination of eligibility for such assistance.

To request special enrollment or obtain more information, contact C.A.R.'s Benefit Administrator, RealCare Insurance Marketing, Inc. at (800) 939-8088.

Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Women's Health and Cancer Rights Act Enrollment Notice

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- all stages of reconstruction of the breast on which the mastectomy was performed;
- surgery and reconstruction of the other breast to produce a symmetrical appearance;
- prostheses; and
- treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. Therefore, the deductibles and coinsurance outlined in your benefit summary will apply.

If you would like more information on WHCRA benefits, contact your Human Resources Department or Benefits Administrator.

Patient Protections Notice

Kaiser Permanente and Anthem Blue Cross HMO plans generally require the designation of a primary care provider. You have the right to designate any primary care provider who participates in the plan's network and who is available to accept you or your family members. Until you make this designation, Kaiser or Anthem designates one for you. For children, you may designate a pediatrician as the primary care provider.

For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the Kaiser or Anthem directly at the number on your ID card, or call RealCare at (800) 939-8088.

You do not need prior authorization from C.A.R. or from Kaiser or Anthem or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the plan's network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the health plan at the number on your ID card or call RealCare at (800) 939-8088.

Your Rights and Protections Against Surprise Medical Bills

When you get emergency care or get treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from surprise billing or balance billing.

What is “balance billing” (sometimes called “surprise billing”)?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or a deductible. You may have other costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network.

“Out-of-network” describes providers and facilities that haven't signed a contract with your health plan. Out-of-network providers may be permitted to bill you for the difference between what your plan agreed to pay and the full amount charged for a service. This is called “**balance billing**.” This amount is likely more than in-network costs for the same service and might not count toward your annual out-of-pocket limit.

“Surprise billing” is an unexpected balance bill. This can happen when you can't control who is involved in your care—like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider.

You are protected from balance billing for:

Emergency services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most the provider or facility may bill you is your plan's in-network cost-sharing amount (such as copayments and coinsurance). You **can't** be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balance billed for these post-stabilization services.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers may bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers **can't** balance bill you and may **not** ask you to give up your protections not to be balance billed.

If you get other services at these in-network facilities, out-of-network providers **can't** balance bill you, unless you give written consent and give up your protections.

California anti-balance billing laws enacted by AB72 (Health and Safety Code Sections 1371.30, 1371.31, and 1371.9) prohibit plans and non-contracting providers from collecting more than the in-network cost share amount for covered services obtained at a contacted facility including hospitals, ambulatory surgery centers, laboratories, radiology or imaging centers.

You're never required to give up your protections from balance billing. You also aren't required to get care out-of-network. You can choose a provider or facility in your plan's network.

When balance billing isn't allowed, you also have the following protections:

- You are only responsible for paying your share of the cost (like the copayments, coinsurance, and deductibles that you would pay if the provider or facility was in-network). Your health plan will pay out-of-network providers and facilities directly.
- Your health plan generally must:
 - Cover emergency services without requiring you to get approval for services in advance (prior authorization).
 - Cover emergency services by out-of-network providers.
 - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
 - Count any amount you pay for emergency services or out-of-network services toward your deductible and out-of-pocket limit.

If you believe you've been wrongly billed, you may contact the California Department of Managed Health Care at (888) 466-2219 or visit www.healthhelp.ca.gov for assistance.

Important Notice from the California Association of REALTORS® Group Medical Plan About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the California Association of REALTORS® (C.A.R.) and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**

- 2. Anthem Blue Cross of California has determined that the prescription drug coverage offered by the C.A.R. for plans listed below is, on average for all plan participants, expected to payout as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.**
 - Anthem Platinum PPO 15/40/10%**
 - Anthem Platinum PPO 15/250/10%**
 - Anthem Gold PPO 25/30%**
 - Anthem Gold PPO 30/500/20%**

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current C.A.R. coverage may be affected. You may continue coverage under the C.A.R. Anthem Blue Cross plan and delay enrollment in Part D. If you elect Part D coverage your Anthem plan will not coordinate with Part D coverage

If you do decide to join a Medicare drug plan and drop your current C.A.R. Anthem Blue Cross plan, be aware that you and your dependents **may** be able to get this coverage back if you disenroll from Medicare and you remain eligible for the C.A.R. Group Health Plans.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug

Plan?

You should also know that if you drop or lose your current coverage with C.A.R. and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

Important Notice From California Association of REALTORS® (C.A.R.) About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the California Association of REALTORS® (C.A.R.) and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
- 2. Anthem Blue Cross of California has determined that the prescription drug coverage offered by the C.A.R. listed below is, on average for all plan participants, NOT expected to pay out as much as standard Medicare prescription drug coverage pays. Therefore, your coverage is considered Non-Creditable Coverage. This is important because, most likely, you will get more help with your drug costs if you join a Medicare drug plan, than if you only have prescription drug coverage from C.A.R. This also is important because it may mean that you may pay a higher premium (a penalty) if you do not join a Medicare drug plan when you first become eligible. The following plans are considered NOT Creditable:**
 - Anthem Bronze PPO 40/6200/40%
 - Anthem Bronze PPO 70/6600/35%
 - Anthem Bronze PPO 6700/0% w/HSA PrevRx
- 3. You can keep your current coverage from C.A.R. However, because your coverage is non-creditable, you have decisions to make about Medicare prescription drug coverage that may affect how much you pay for that coverage, depending on if and when you join a drug plan. When you make your decision, you should compare your current coverage, including what drugs are covered, with the coverage and cost of the plans offering Medicare prescription**

drug coverage in your area. Read this notice carefully - it explains your options.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15TH to December 7th.

However, if you decide to drop your current coverage with C.A.R., since it is employer/union sponsored group coverage, you will be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan; however you also may pay a higher premium (a penalty) because you did not have creditable coverage under C.A.R.

If you lose creditable prescription drug coverage under the C.A.R. plan, you are also eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

Since the coverage under these C.A.R. plans is not creditable, depending on how long you go without creditable prescription drug coverage you may pay a penalty to join a Medicare drug plan. Starting with the end of the last month that you were first eligible to join a Medicare drug plan but didn't join, if you go 63 continuous days or longer without prescription drug coverage that's creditable, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current C.A.R. Anthem Blue Cross coverage may be affected. You may continue coverage under the C.A.R. Anthem and delay enrollment in a Medicare Drug plan however your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you are eligible for but did not have Medicare drug coverage.

Your Anthem Blue Cross plan will not coordinate with Medicare Part D coverage.

If you do decide to join a Medicare drug plan and drop your current C.A.R. coverage, be aware that you and your dependents may or may not be able to get this coverage back,

depending on whether you can disenroll from Medicare and whether you remain eligible under C.A.R.

Authorization: We'll get your written permission before we use or share your PHI for any purpose not stated in this notice. You may cancel your permission at any time, in writing. We will then stop using your PHI for that purpose. But if we've already used or shared your PHI with your permission, we cannot undo any actions we took before you told us to stop.

Genetic information: We cannot use your genetic information to decide whether we'll give you coverage or decide the price of that coverage.

Race, ethnicity, language, sexual orientation and gender identity: We may receive race, ethnicity, language, sexual orientation and gender identity information about you and protect this information as described in this notice. We may use this information to help you, including identifying your specific needs, developing programs and educational materials and offering interpretation services. We don't use race, ethnicity, language, sexual orientation and gender identity information to decide whether we'll give you coverage, what kind of coverage and the price of that coverage. We don't share this information with unauthorized persons.

Your rights

Under federal law, you have the right to:

- Send us a written request to see or get a copy of your PHI, including a request for a copy of your PHI through email. Remember, there's a risk your PHI could be read by a third party when it's sent unencrypted, meaning regular email. So we will first confirm that you want to get your PHI by unencrypted email before sending it to you. We will provide you a copy of your PHI usually within 30 days of your request. If we need more time, we will let you know.
- Ask that we correct your PHI that you believe is wrong or incomplete. If someone else, such as your doctor, gave us the PHI, we'll let you know so you can ask him or her to correct it. We may say "no" to your request, but we'll tell you why in writing within 60 days.
- Send us a written request not to use your PHI for treatment, payment, or healthcare operations activities. We may say "no" to your request, but we'll tell you why in writing.
- Request confidential communications. You can ask us to send your PHI or contact you using other ways that are reasonable. Also, let us know if you want us to send your mail to a different address if sending it to your home could put you in danger.
- Send us a written request to ask us for a list of those with whom we've shared your PHI. We will provide you a list, usually within 60 days of your request. If we need more time, we will let you know.
- Ask for a restriction for services you pay for out of your own pocket: If you pay in full for any medical services out of your own pocket, you have the right to ask for a restriction. The restriction would prevent the use or sharing of that PHI for treatment, payment, or operations reasons. If you or your provider submits a claim to us, we may not agree to a restriction (see "Your rights" above). If a law requires sharing your information, we don't have to agree to your restriction.
- Call Member Services at the phone number on your ID card to use any of these rights. A representative can give you the address to send the request. They can also give you any forms we have that may help you with this process.

How we protect information

We're dedicated to protecting your PHI, and we've set up a number of policies and practices to help keep your PHI secure and private. If we believe your PHI has been breached, we must let you know.

We keep your oral, written, and electronic PHI safe using the right procedures, and through physical and electronic ways. These safety measures follow federal and state laws. Some of the ways we keep your PHI safe include securing offices that hold PHI, password-protecting computers, and locking storage areas and filing cabinets. We require our employees to protect PHI through written policies and procedures. These policies limit access to PHI to only those employees who need the data to do their jobs. Employees are also required to wear ID badges to help keep unauthorized people out of areas where your PHI is kept. Also, where required by law, our business partners must protect the privacy of data we share with them as they work with us. They're not allowed to give your PHI to others without your written permission, unless the law allows it and it's stated in this notice.

Potential impact of other applicable laws

HIPAA, the federal privacy law, generally doesn't cancel other laws that give people greater privacy protections. As a result, if any state or federal privacy law requires us to give you more privacy protections, then we must follow that law in addition to HIPAA.

Calling or texting you

We, including our affiliates and/or vendors, may call or text you by using an automatic telephone dialing system and/or an artificial voice. But we only do this in accordance with the Telephone Consumer Protection Act (TCPA). The calls may be about treatment options or other health-related benefits and services for you. If you don't want to be contacted by phone, just let the caller know or call 844-203-3796 to add your phone number to our Do Not Call list. We will then no longer call or text you.

You may also file a complaint with the U.S. Department of Health and Human Services Office for Civil Rights by visiting hhs.gov/ocr/privacy/hipaa/complaints/. Grievance Procedures

If you have a question about your eligibility, your benefits under this Agreement or concerning a claim, please call customer service at the phone number shown on your identification card, or you may write to us at the address shown on your identification card and marked to the attention of the Customer Service Department. Our customer service staff will answer your questions or assist you in resolving your issue.

If you are not satisfied with the resolution based on your initial inquiry, you may request a copy of the Plan Grievance Form to complete and return to us, or ask the customer service representative to complete the form for you over the telephone. Your issues will then become part of our formal grievance process and will be addressed accordingly.

If you are not satisfied with the resolution of your grievance, or if your grievance has not been resolved after at least thirty (30) days, you may submit your grievance to the Department of Managed Health Care as described below.

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at **1-800-365-0609** or at the TDD line **1-866-333-4823** for the hearing and speech impaired and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (**1-888-466-2219**), and a TDD line (**1-877-688-9891**) for the hearing and speech impaired. The department's internet website **www.dmhc.ca.gov** has complaint forms, IMR application forms and instructions online.
